

WINTER RV CHECKLIST

Essentials for Cold■Weather RVing

Essential Gear

- Heated water hose
- Extra propane tanks
- RV skirting or insulation panels
- Snow shovel and ice scraper
- Tire chains or traction mats
- Emergency food, water, and blankets
- Portable electric or ceramic heater
- Small dehumidifier

Prep & Protection Tips

- Check your RV's insulation and seal any gaps
- Confirm whether your rig has a heated underbelly or tank heaters
- Run the furnace while driving in freezing conditions
- Disconnect water hoses overnight to prevent freeze damage
- Carry extra jugs of fresh water in case water lines freeze
